

September 28, 2023

To All Interested Parties,

The purpose of this letter is to inform you that we have decided to terminate the open procurement process for Safety Management Services in Florida Judicial Circuit 1, which was initiated on March 8, 2023.

Despite our anticipation and commitment to finding the most suitable provider for these services, we regret to inform you that the submissions received did not meet the specific requirements outlined in the Request for Proposals (RFP). The reasons for cancellation are:

- 1) The overall number of submissions failing to produce a fully responsive proposal.
- 2) The inability to produce to a responsive proposal through good faith negotiations with the potential bidders.
- 3) NWF Health Network's inability to procure the exact services sought, within all budgetary and programmatic desires from responsive proposal.
- 4) NWF Health Network's decision to modify its request, via budgetary, programmatic, or geographic needs, as necessary to secure responsive proposals.

As a result, we believe it is in the best interest of all parties involved to discontinue the current procurement process. Should any entity that previously submitted a response wish to challenge this withdraw, please submit your formal protest of this decision to the undersigned at jeremy.scanlon@nwfhealthnetwork.org by October 6. Absent any challenge, all submitted bids, proposals, or responses shall be rejected.

Challenges shall be reviewed in accordance with the original posted procurement, modified through any formal or informal negotiations. NWF Health Network shall have the full right to reject such challenges upon its own discretion based on the information originally posted, modified, or updated through this announcement.

Sincerely,

Jeremy Scanlon
Director of Contract Administration
NWF Health Network
